

UDYOG ACTIVITIES

2016-17 TO 2020-21

**Centre for Studies in Rural Management
Gujarat Vidyapith,
Randheja.**

UDYOG ACTIVITIES

At Centre For Studies In Rural Management, Gujarat Vidyapith, Randheja.

Gandhiji always favoured the education based on personal life experiences. Gujarat Vidyapith has still continued implementing successfully the thought of Gandhi by introducing 'Udyog activities' as an integral part of the curriculum.

Udyog is ઉદ્યોગ + યોગ – Higher Yoga. Yog-Sadhana is very necessary for stability, health, peace and power of mind, body and soul. Udyog should not be considered as mere hard physical labour. Udyog should be integrated and introduced in education as an inevitable aid or medium of education-process. It is very true in all the disciplines of life. Being free from mere bookish knowledge, a student should resort to manual work and practical experience. Gandhiji put emphasis on vocational and functional education. "Earning while learning" was the motto of this education. This increases the creativity in a student. As Gandhi wanted to make Indian village's self-sufficient units, he emphasised that vocational education should increase the efficiency within the students who will make the village as self-sufficient units. In other words, Gandhi's educational philosophy was born out of his intense need to better the condition of rural India.

Udyog is not a subject to be thrust upon the students; it is related to life till death. Mahatma Gandhi observed that the so called literate class of people became idle instead of becoming industrious. This means that education makes man dead instead of living. It was found necessary to reestablish the value of Udyog in education. Gandhiji gave Udyog that much importance as one Jeevan Rasayan or Medium of Education. According to Mahatama Gandhi, "The principal idea is to impart the whole education of the body, mind and soul through the handicraft that is taught to the children."

Gujarat Vidyapith is based on the principles of Basic Education (Buniyadi Shikshan or Nai Talim). Hence, Udyog is considered as a foundation of education. According to Gandhiji, education brings out the talents hidden in the body, heart and soul of the students. Education teaches the true art of living. It includes acquiring entrepreneurial skills, maturity of thoughts and treasure of virtues. Udyog make the students capable to understand the value of labour and to be economically free. Udyog can help the students in developing confident and self-reliant personality.

At Centre for Studies in Rural Management, the task of life skill development in students is being done very effectively through various Udyog activities. Each and every student as well as teacher takes part in such activities with great enthusiasm, spirit, concentration and devotion. The period of one hour is appropriated to such Udyog daily. All the students are assigned various Udyog activities such as agriculture, handicraft, spinning, soap making, campus development, computer maintenance and repairing, etc.

➤ Handicraft & Hand Spun Cotton Hanks

Coordinator: Dr. Amisha Shah

Handicraft represents the cultural heritage of our nation. Hence, students naturally take part enthusiastically in such activities. The students plan the designs and targets to be accomplished in certain time period. They have a very good experience of designing the product, production, marketing & selling, basic accounting and working in a team as if they are running a micro enterprise. At the convocation ceremony of Gujarat Vidyapith, these teams are given opportunity to exhibit and sell their products and to earn profit from the same. It becomes really a challenging opportunity and thrilling experience for the students to plan and prepare themselves for such selling ground. For fixing the prices of the products, generally cost plus pricing method and penetration pricing policy is adopted. However, on-going price prevailing in the current market is also kept in mind. Students learn attaching price tag and labels, package design, personal selling, communication, demonstration, etc. Sometimes special discount is offered to the customers depending on the quantity purchased.

➤ **Computer Maintenance, Repairing and Networking:**

➤ **Coordinators : Dr. Satish Patel and Mr. Bhavin Patel**

The students engaged in this Udyog activity do the following work.

- Making identity cards for staff and students
- Attending calls for computer hardware and networking
- Maintenance of computer labs of college and hostels
- Repairing of Wi-Fi device and network configuration

➤ **Agriculture and Kitchen Garden:**

➤ **Coordinators : Dr. Lokesh Jain and Mr. Janak Patel**

Through organic farming, students produce vegetables and use the same in kitchen mess. Students make compost fertilizer utilizing wastage and garbage in the campus. Students grow brinjals, potatoes, cabbage, cauliflowers, tomatoes, lady fingers, methi, onions, garlic and many more. Most of the grown products are used in their hostel mess. Therefore, this activity reduces the food bill burden at a remarkable level. The remaining products are sold within the campus or at village level by student so that they can have market experience too.

➤ **Campus Development:**

➤ **Coordinators : Dr. Rajiv Patel and Dr. Manahar Makwana**

Various campus development activities like gardening, compost, fencing, decoration, plumbing, carpentry, regular maintenance, etc. are done by the students of this group. Students have developed Aushadh Baug in the campus. Various Medicinal plants such as green tea, Nagod, Savan, Ardushi, Anjir, Ashvagandh, etc have been cultivated.

➤ **Bakery Items:**

➤ **Coordinator : Dr. Mayuri Farmer**

Students learn to make various bakery items like biscuits, cakes and sweets. Students make the items keeping in view the market requirement. Most of the bakery items find their market within the campus only. Sometimes, students work on orders too. Thus, it is also a very good learning platform for the students of management.

➤ Other Activities:

Besides above activities, student have been involved in various other activities occasionally. As per the interest of the students, requirement of time and circumstances, there is scope of flexibility of activities. Thus, students were involved in the following activities too.

- Soap making
- Pickle making
- Snacks making
- Amla processing
- Carpentry work
- Electrification and plumbing work , etc.

It is observed that the following topics of management studies can be well correlated with the Udyog activities.

- ✓ Production Planning and Targeting
- ✓ Lay Out of Unit, Managing Mass Production
- ✓ Standardization and Quality Control
- ✓ Division of Labour, Time Study, Motion Study, etc.
- ✓ Test Marketing Experience
- ✓ New Product Development Process
- ✓ Pricing Methods and Policies
- ✓ Selling Strategies, Personal Selling Experience and Salesman Ship
- ✓ Branding, Labeling, Marking, Packaging and Packing
- ✓ Advertising & Publicity Methods and Effectiveness
- ✓ Applying Sales Promotion Tools such as Offering Discount, etc.
- ✓ Consumer Behavior and Purchase Decisions
- ✓ Communication and Human Psychology
- ✓ Maintaining Stock Register and Calculation of Stock
- ✓ Methods of Price Determination
- ✓ Basic Accounting and Record Keeping, etc.

The above practical knowledge is very much essential to be developed in management students, as they are going to be future entrepreneurs of our nation. Besides, the following life skills have also be developed in students.

- ✓ Team Management and Cohesiveness
- ✓ Work Involvement and Sense of Cooperation

- ✓ Creative & Logical Thinking and Practicability
- ✓ Thrift, Honesty and Devotion towards Work and Life
- ✓ Time Management and Value of Time
- ✓ Self Confidence and Decision Making Power
- ✓ Ability of Taking Initiatives and Bearing Risk
- ✓ Communication Skill and Art Of Expressing Self
- ✓ Enthusiasm and Discipline
- ✓ Concentration and Will Power
- ✓ Quality Consciousness
